Proximo Marketing Strategies is Awarded Coastal Virginia Magazine's Best of Readers' Choice Award

May 2021, Gloucester, Va - Proximo Marketing Strategies has been awarded the Coastal Virginia Magazine Best of Readers' Choice Award in the category of Best Marketing Company for 2021. Proximo is proud to have serviced the Gloucester community and beyond for nearly a decade.

Since 2012, Proximo Marketing Strategies has been recognized for their excellence in service and has received multiple awards and accolades, including the CoVa Biz Best of Business Award and the CoVa Best of Readers' Choice Award for 3 years running. The team at Proximo Marketing Strategies is led by Master Strategist, Courtney Riley - author, public speaker and industry game changer. Together with her team of talented marketing experts, Courtney develops digital marketing strategies that go right to the heart of each business she works with, moving beyond the confines of simple marketing tactics.

"I know what it's like to be an entrepreneur and to feel like you have to wear all the hats at once," Courtney says. "It's exhausting and it zaps all of the passion out of your purpose. At Proximo, we help our clients take a few of those hats off, so to speak, so that they can really focus on their why. Why did they get started in the first place? What excited them about it? What are their unique talents? By handing us those marketing to-do's, our clients are able to free up so much brain space, time and energy to devote to their God-given purposes. Everyone has a gift, and they should be able to use that gift without being bogged down or distracted by things they were never meant to do."

Beyond their dedication to their clients, the team at Proximo is passionate about supporting their local community. They are proud sponsors and supporters of Fear 2 Freedom, a non-profit organization that restores hope to survivors of sexual violence. Proximo Marketing Strategies is also a proud partner of Rise & Grow, a non-profit organization that provides marketing grants to businesses and non-profits that have been adversely affected by crisis.

Above all, it is their passion for helping their clients thrive and find their God-given purposes that sets Proximo Marketing Strategies apart in the industry and which has undoubtedly led to their success.
